

The United States Pony Clubs, Inc. **E-Newsletter**

E-Newsletter for April, 2005

For our Upper Level Members, C-3 and up:

National Testing Applications:

Don't forget that the deadline for national testing applications is fast approaching! If you want to take your B, H, H-A or A test this year your completed application must be postmarked by April 15th!! Applications must be sent to your DC for their signature, and then forwarded on to the RS who will sign it and send it on to us.

If you have signed up for a testing, you can expect to receive your candidate packet with testing assignment in mid to late May. Please be aware that some of the tests on the schedule may not fill and may be canceled, you can keep an eye on the website for updates. We make every attempt to put you in your first choice test site, but this is not always possible. Make sure you check your roster to be sure you know to which test you have been assigned.

Should you have any questions or problems please contact Laura Cannon at the National Office at testing@ponyclub.org or 859-254-7669 ext. 234

Visiting Instructor Program:

B, H, H-A and A level members don't forget about the Visiting Instructor Program! This is a great opportunity for you to travel to a new area and work on your teaching skills. You can find all the information on the program and the form to apply on the website at www.ponyclub.org under V for Visiting Instructor Application. Applications are due April 30th, so if you're interested go check out the website!

Visiting Colleges this Summer?

If you will be spending part of your summer looking at colleges, don't forget to check out the USPC web site and take a look at the many colleges and universities that offer Pony Club scholarships (under Opportunities and Events on the front page). If you don't see a college or university that interests you, there are also several scholarships offered by USPC that can be used at any school.

If you have any questions, please contact Marian Vester, USPC Development Director at development@ponyclub.org
