

QUIZ NEWSLETTER 2008

For 2008 the following protocol will be in effect at Quiz rallies for all phases: C+ and H-B competitors will answer C-3 questions.

Beginning at Championships 2008, all Quiz competitors will be required to carry their medical release in their name badge holder. The logic behind this is that EMT personnel are taught to look for the medical release on the armband of a competitor and it ensures that if the need arises and the chaperone is not in the immediate vicinity, no valuable time is lost looking for same chaperone.

The Quiz committee is going to post ideas for Quiz (general topics of interest to organizers and Pony club members) on the Quiz website. This will enable organizers to get fresh ideas for their Quiz. It will allow Pony Club members to see what kind of questions might be asked.
