Governing Rules

With regards to Qualifying Rallies this Rulebook is a precise specification of rules that MUST be followed. For Non-Qualifying Rallies/Divisions this Rulebook should be viewed as a general guideline that can be modified by the Rally Organizer/Regional Supervisor to best meet the needs of the Region. Additional governing documents for all Rallies are the following:

- USPC Horse Management Handbook and Rules for Rallies (current edition)
- Annual Newsletters & Clarifications from USPC.
- USEF Rulebook (current edition). However, since USPC does not always follow USEF rules, where there is a disparity between Rulebooks, this Rulebook will be followed.

Since Rules cannot provide for every eventuality (unforeseen or exceptional circumstance), it is the obligation of the Ground Jury to make decisions in a sporting spirit and to follow as closely as possible the intention of these Rules. If there is an inconsistency, the Discipline Rulebook takes precedence over the Horse Management Handbook.

REMINDER: This is an updated Rulebook for 2018. Additions, deletions and changes have been made since the last Rulebook was issued. Be sure to read the entire publication carefully so you will be aware of all the rules for the upcoming competition season.

These rules are based on copyrighted Rules of the U.S. Equestrian Federation (USEF) and are printed with the permission of USEF, which neither sponsors nor is responsible for their publication or implementation at any United States Pony Clubs event.

Responsibility

A competitor is ultimately responsible for knowing these rules and complying with them. The appointment of a steward or official, whether or not provided for in these rules, does not absolve the competitor from such responsibility.

Participating Member Code of Conduct

The United States Pony Clubs, Inc. is proud of its reputation for good sportsmanship, horsemanship, teamwork and well-behaved members. The USPC expects appropriate behavior

from all members, parents and others participating in any USPC activity. Inappropriate behavior may include, but is not limited to: possession, use or distribution of any illegal drugs or alcohol; profanity, vulgar language or gestures; harassment (i.e., using words or actions that intimidate, threaten or persecute others before, during or following USPC activities); failure to follow rules; cheating; and abusing a horse.

Any USPC Member or parent not conforming to the Code of Conduct is subject to the following action: The Officials of the competition may immediately suspend or expel an individual from the competition upon consulting with the Ground Jury.

Championships Competitor Age and Certification

Each discipline/division has minimum age and certification requirements for participation in Championships. Championships competitors must meet the age requirement based on January 1, of the Championships competition year. They must have competed at the minimum or higher certification level at the Qualifying Rally and have achieved the minimum certification level by the closing date of the Championships. Therefore, any fall Qualifying Rallies should base their division entry status on the competitor's age for the following year and take into account planned advancements in certification level.

Exceptions to Minimum Age and Certification Requirements for Championships: Exceptions to the minimum age and certification requirements are occasionally granted and the process for requesting an exception is outlined on the Championships Competition Information page of the USPC website. All requests for exceptions must come from the RS to the appropriate Discipline Chair.

Member in Good Standing

Members are considered in Good Standing if they are current with all dues and fees owed the Registered Club/Riding Center Program, Region and USPC and when available participate in one or more of the following:

1. They show evidence of sincere interest in the activities of Pony Club at the local, regional or national level.
2. They assist younger members in the learning process.
3. They participate in Pony Club activities at the local, regional, or national level when and where appropriate, according to age, experience, and suitability of mount.

Cruelty to and Abuse of a Horse

1. Cruelty to or the abuse of a horse present on the grounds of any competition is forbidden, and renders the offender subject to penalty. The Organizing Committee must bar violators from further participation for the remainder of the competition.
2. USPC or the Judge, Steward, or TD may appoint a veterinarian to inspect any animal on competition grounds or entered to compete. Refusal to submit an animal for examination by an authorized veterinarian after due notification shall constitute a violation.

USPC Policies and Guidelines

3. **Riding scores are calculated by awarding points per chukka.**
 win = 4 points
 tie = 2 points
 loss = 0 point
4. Horse Management points for each team will be accumulated in accordance with the USPC Horse Management Handbook and Rules for Competition. The sum of these points will be tabulated for each team.

5. Scoring for Polocrosse will be on a positive point basis. The total number of chukkas played by each team will be recorded. The Bonus Points will be determined using the following formula: Bonus=# chukkas played - (# chukkas played *0.04)*(HM penalties). Bonus scores cannot be less than zero.
6. The final score will be the total of (1) riding score, (2) positive bonus score. **See example below.**

Article 18 – Scoring Horse Management and Ties:

1. Horse Management scores will not be factored.
2. At rallies, ties will be broken by Horse Management, and if still tied, by goals scored.

SECTION VII: Appendices

APPENDIX VII

NOTES FOR UMPIRES

While it is not the intention to go fully into the methods and standards of Umpires or Umpiring, it is felt that some general comments should be included, especially for prospective and inexperienced Umpires.

First it cannot be emphasized too strongly that all Umpires in any game of Polocrosse must be suitably mounted. It is the responsibility of the club or committee organizing the rally to ensure that the Umpire is suitably mounted. Too often Umpires are seen trailing the field or hampering play due to the inefficiency of their mounts. Umpires should realize that they have the right to refuse any mounts that they consider unsuitable.

Umpires should at all times be correctly dressed so as to keep in harmony with the appearance and dress of the players. When mounted, they should always carry a Polocrosse racquet to save time in picking up the ball on the field.

The first prerequisite of an Umpire is to know the rules of the game. This does not mean just reading the rulebook, but knowing how to apply the rules on the field. Experience can be obtained from discussion with Senior Umpires.

The Umpire should concentrate on the game every moment focusing on the line of the ball should an incident arise. A common and natural error among inexperienced Umpires is a loss of concentration due to watching some brilliant player, mount or combined play. The side line (Chief) Umpire also needs to be officiating the game, not merely supervising the Umpires riding on the field.

With regard to the use of whistle, it is a good practice to use one strong blast to stop play and two short consecutive blasts to call for time-off. An Umpire should be careful in the use of the whistle but should never hesitate to blow it when the necessity arises. Nothing is more aggravating to players and spectators alike than a "whistle-happy" Umpire. On the other hand, if a foul is observed the whistle should be blown immediately, as all players respect a strict Umpire who makes a definite decision and does not allow players to get away with fouls.

Halfhearted or late decisions are indicative of either inexperienced or inefficient umpiring. The advantage rule should be remembered at all times, as in many instances the infliction of a penalty would be an advantage to the side that committed the foul. After blowing the whistle for a foul and stopping the game, the Umpire should immediately inform the players why he stopped the game, who committed the foul, and what the penalty is to be. He should indicate to players the spot from which the penalty is to be taken and recommence the game by calling out, "Play" to the player taking the penalty, in a voice loud enough for all players to hear. No penalty can be executed

until directed to do so by the Umpire. Similarly, an Umpire stopping play and calling time-off should ensure that the time-keeper understands that time-off has been called for and the reason for it. It is also indicative of a good Umpire if, when stopping play for any reason, the decision can be conveyed to the field officials as well as the players and the public.

10 Yard Throw

Prior to any 10 yard throw, the Umpire MUST ensure that the player taking the 10 yard throw has a completely clear gallop lane.

Wild Swings

A growing concern is the dangerous play involving "wild swings." Any attempt to hit an opponent's racquet, which in the opinion of the umpire constitutes a wild or vicious swing, will be deemed a dangerous play. The swinging of a racquet in more than one consecutive circle while trying to dislodge the ball from an opponent constitutes dangerous play. Players are not to [provide round swings or angled swings](#).

Umpires should realize that they have full control not only of the players and the game but also of all their particular field officials, the field and its surrounding areas. They should stop play if any of these do not conform to the rules, or for common sense safety concerns.

Rights of Umpires

The Umpire can declare time off for any reason that they consider necessary. It is within the discretion of the Umpire not to stop the game for purpose of inflicting a penalty, if stopping the game would be disadvantageous to the fouled team.

(Guideline: If a foul has occurred, and it is not dangerous, the Umpire may elect to let play continue as to not take the advantage away from the fouled player. This constitutes playing an advantage. The fouling player should be cautioned so that they are aware that the foul was observed.)

Finally, the Umpire must never enter into an argument with the players or spectators. The Captain of a team is the only player who may lodge an inquiry with the Umpire, but even then the Captain must in no way enter into an argument with the Umpire on the field.
