

## Ashton Broman, DVM

Dr. Ashton Broman was born and raised in Glendale, California where she first developed her love of horses at the age of 3. While she enjoyed participating in other activities such as Girl Scouts and karate, her favorite pastime was riding in an equestrian drill team as a member of the California Rangers.

After high school, she earned her bachelor's degree at the University of California, Davis where she later worked as a technician at the veterinary school. She was accepted to Colorado State University for vet school and graduated in 2018. Dr. Broman started an ambulatory internship at Rood and Riddle with Dr. Brad Tanner in 2018 where she discovered a passion for equine dentistry and foal medicine, this passion was greatly increased during my second internship at Rood & Riddle.

Dr. Broman plans on following her passion for dentistry and foal care in her new position as a Rood & Riddle associate.

She recently got married and she and husband, Kris, have two dogs, Skylar and Ryelee, and a beautiful warmblood mare and her foal.
