

**ATTACHMENT D TO POLICY 0800
MEDICAL ARMBANDS AND BRACELETS**

USPC is dedicated to maintaining high safety standards for our members.

USPC believes that all members attending any USPC affiliated mounted or un-mounted activity are responsible for having readily available contact information, and medical information on their person.

USPC is fully committed to safeguarding the welfare of its Members and will take steps to adopt safe practices that promote the health and welfare of its Members.

A. USPC requires that members participating in any USPC affiliated mounted or un-mounted activity, must wear either a Medical Armband or Medical Bracelet while participating in the activity. The member may choose which one to wear.

1. Medical Armbands must include a current completed copy of the individual's Medical Release. It must be worn on the upper arm. If the member has small arms, he/she may safety pin the armband to his/her upper sleeve. (Armbands are available for purchase from Shop Pony Club.)

2. Medical Bracelets must visibly list these six items on them: Name and Date of Birth, Contact Information, Known Allergies, Current Medications, and Existing Medical Conditions. More information is acceptable, but these six items are required to be on the bracelet.

B. All officials on site at the USPC mounted or un-mounted activity are encouraged to work with the competitors to remind them of this requirement.

Any member at a USPC affiliated mounted or un-mounted activity found not wearing either a Medical Armband or Medical Bracelet must be removed from the activity until the member conforms to the policy requirements.
